## Why choose American Leather?

In our factory in Dallas, Texas there is a display hanging in the lobby which represents American Leather's values. At the center of the image is the word, "Trust." For over twenty years we have worked hard to earn the trust and appreciation of the premium furniture stores who carry American Leather, and the thousands of their customers who have brought us into their home. We have done that by offering exceptionally made products that feature innovative designs available with hundreds of options including luxury leathers, designer fabrics and a wide selection of style choices. Everything is made right here in the USA and ready to ship in just three weeks. It's a legacy we are proud to hold and one we hope to share with you.

## Sweet dreams are made of these.

American Leather's Comfort Sleeper is like no other. Rated as a best value by Consumers Digest, and a top pick by the editors of Apartment Therapy, ours is the only sofa sleeper worthy of the name, Comfort Sleeper – whether for sitting or sleeping. Choose between six bed sizes and more than 350 covering choices.

## The Comfort Sleeper™ difference.

Mattresses are 80 inches long, 8 inches longer than average sleepers.

Choose from King, Queen, Queen Plus, Full, Twin, Cot Sizes or Sectionals.

Patented design minimizes the mattresses' length when open, giving you more sleep surface while using less floor space.

Patented Tiffany 24/7™ platform sleep system is designed without bars or springs for a more comfortable bed.

Unique engineering allows the sleeper to fit in narrow doorways and hallways – as small as 27 inches.

Choose regular or firm high-density foam, or a **TEMPUR-PEDIC** mattress. Ours is the only sofa sleeper available with this revolutionary sleep technology.

Under-carriage dust barrier protects the mattress from dirt.

The only sleeper mattress protected by Crypton® fabric, a waterproof, stain-proof covering that resists allergens and dust mites.

## Feeling is believing.

With no bars, no springs and the patented Tiffany 24/7™ sleep system, you can enjoy a bed that is comfortable enough to sleep on every night. Based on European sleep systems, our mattress features five inches of high-density foam for excellent ergonomic support.

Shown Here: Lindsay sofa in Queen size.

## Clean & simple.

Ours is the only sleeper mattress covered with Crypton® fabric, a waterproof, stain-proof covering that also protects against dust mites, mold, mildew, bacteria and allergens. There's no cleaner way to sleep.

Shown Here: Patterson sofa in King size.

## Tempur-Pedic® option.

Choose our regular or firm high-density foam mattress, or the revolutionary Tempur-Pedic mattress. Tempur-Pedic mattresses create a custom fit for your body, virtually eliminating painful pressure points and greatly reducing your body's need to toss and turn. The Comfort Sleeper is proud to be the only sofa sleeper with a Tempur-Pedic mattress option.

Shown Here: Savannah sofa in Queen Plus size.

## Small space saver.

Comfort Sleepers fit almost anywhere. Cot sleepers start at 39 inches wide. King sleepers start at 85 inches wide. Narrow hallways and doors? No problem. With a few simple adjustments the sleeper can fit through a passage just 27 inches wide.

Our leathers are among the finest available: full aniline-dyed for beauty, softness and a supple hand. Fabrics include ultra-durable microfibers, beautiful velvets, boucles and selection of high-fashion prints.
